ShakaCode Coaching Plan

Updated April 29, 2017

We're thrilled that you're considering ShakaCode for coaching! Your support allows us to continue to invest time in our open source projects!

Testimonials

- Daniel Ackerman of Apartment Showcase (Washington Post). Video. Notes.
- More testimonials on the forum.shakacode.com and at www.shakacode.com/work.

Specialties

- React on Rails, our project, with over 2,900 stars and in many production systems!
- Pure JavaScript front-end projects using the React + Redux + Webpack ecosystem
- React Native
- Ruby on Rails
- Webpack
- Product Design, with an emphasis on design for short iterations to get a MVP

Services Included

- Private Slack Channel (or you can create one for our team members on your Slack) for questions with a 12-hour maximum time before responding. Typically, we'll respond within hours or minutes.
- Access to our **React on Rails Pro sample apps**.
- **Up to 10 hours of individualized help spread over 12 months.**
  - For tiny questions on Slack, we won't track this time. Otherwise, the minimum time increment is 10 minutes.
  - **Offline code reviews** in pull requests.
  - **Live meetings** via Zoom.us, Skype, Google Hangouts, Screen Hero, etc.
  - Possibly snippets of sample code from our production product Friends and Guests per your needs.

Price and Billing

- We'll send you an invoice to pay with a credit card for $1500.
- We'll keep you informed of how many hours you've used.

Signing Up

- Book a time with Justin for a free 30 minute consultation to see if this plan is appropriate for you. [Click here](#).
- Questions: [email Justin](#).
